

PRODUCT DESCRIPTIONS

WATER DRY SOLUBLE- DISSOLVES EASILY  
CONTAINS 100% PLANT PRODUCT!  
NO ANIMAL PRODUCT ADDITIVES!

**ORCHID FOOD - 15 ounce gripper bottles**

Organics Rx has designed a safe all-purpose organic ORCHID FOOD to be used year round on all varieties of in ground and potted orchids. Unlike synthetic chemical products that “douse” orchid plants with excessive amounts of Nitrogen, we have formulated usable amounts of N-P-K, which are absorbed more effectively into the root system. A simple and safe one step feeding program enhances orchid plant health and flowering year round, and stimulates flowering.

Contains no synthetic chemicals or animal product.

25+ applications per bottle

**INDOOR PLANT FOOD - 15 ounce gripper bottles**

Organics Rx has designed a safe organic INDOOR PLANT FOOD for year round use on all varieties of potted plants. A simple and safe one step feeding program that eliminates toxic plant products from your home. Creates a foundation of health and stimulates flowering year round.

Contains no synthetic chemicals or animal product.

25+ applications per bottle

**TOMATO FOOD - 15 ounce gripper bottles**

Nothing is better than a freshly harvested tomato picked right out of your own garden.

Knowing it is full of nutrition and not full of harmful chemicals is even better.

Organics Rx has formulated an all purpose organic TOMATO FOOD for all varieties of in ground and potted tomatoes. Increases nutrition and yields, encourages strong root development, extends fruiting season, improves soil structure and strengthens resistance to disease and pests.

Contains no synthetic chemicals or animal product.

25+ applications per bottle

**VEGGIE GARDEN FOOD - 15 ounce gripper bottles**

The core mission of Organics Rx products is helping everyone grow good, clean nutritious food.

Absolutely no animal product additives in Organics Rx VEGGIE FOOD products means deterring pests in the garden that are attracted to other products made with feather, bone and blood. Enjoy bigger, more abundant vegetables, herbs and edible flowers year round. Encourages strong root development, accelerates new growth, improves soil structure and strengthens resistance to disease and pests.

Ideal for potted herb and vegetable plants. Increases yields dramatically - UP TO 50% more produce!

Contains no synthetic chemicals or animal product.

25+ applications per bottle

**ROSE & FLOWER FOOD - 15 ounce gripper bottles**
